Re: Anastos Media Group, Inc.
WUAM(AM), Watervliet, NY
Facility Identification Number: 72620
Construction Permit: BP-20070119AEY
Program Test Authority

Dear Ms. Repp:

This is in reference to the March 19, 2008, request for program test authority submitted along with a copy of the application (FCC Form 302-AM) for a license to cover the above-referenced construction permit.

Authority is granted WUAM(AM) to conduct program tests in accordance with Construction Permit BP-20070119AEY and 47 CFR § 73.1620 on 900 kHz with a daytime nominal power of 400 watts and a nighttime nominal power of 70 watts. The authorized daytime antenna input power is 400 watts and the authorized daytime antenna input current is 5.44 amperes. The authorized nighttime antenna input power is 70 watts and the authorized nighttime antenna input current is 2.28 amperes. This authority expires on June 30, 2008.

Additional measurements on 3200 kHz, 400 kHz and 3700 kHz must be submitted to show compliance with condition # 1 of the construction permit. Specifically, the emissions on these frequencies must be at least -69 dB below for WUAM and -73 dB below for WAMC pursuant to Section 73.44.

Further action on the subject application will be withheld for thirty days from the date of this letter in order to provide an opportunity to file a curative amendment. Failure to respond or file an amendment within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

Sincerely,

Son K. Nguyen
Supervisory Engineer
